Password: and password also

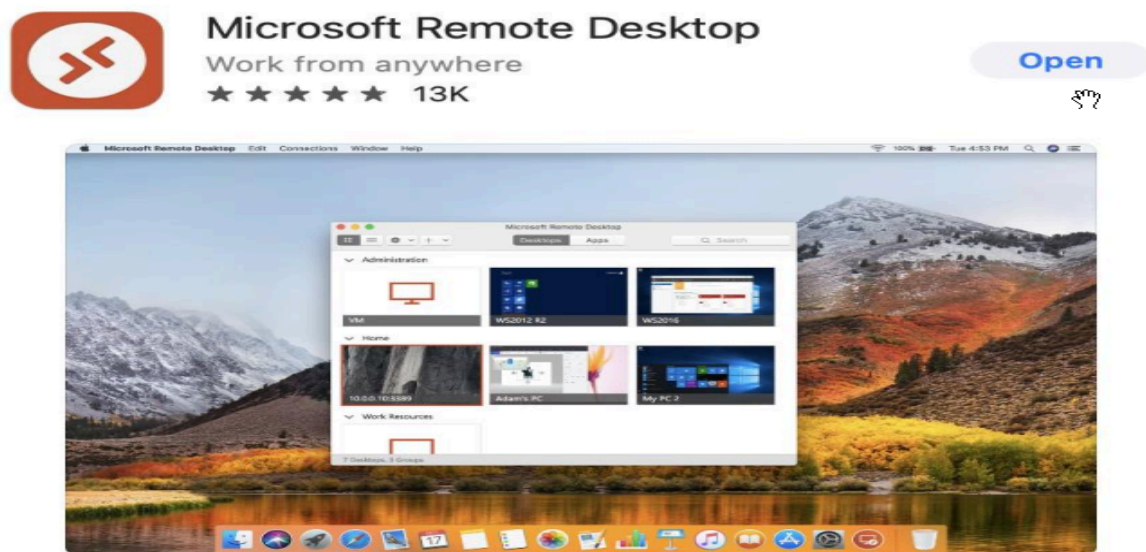

ESXI-IP - 150.1.7.106 - EVE-NG

Username: student

Password: Cisco@123

Above mentioned Details are of Rack: Kindly Take RDP Access Candidate PC ...

RDP ACCESS CAN BE TAKEN USING TOOL LIKE "Microsoft Remote Desktop " present in the Mac App Store or Windows App Store

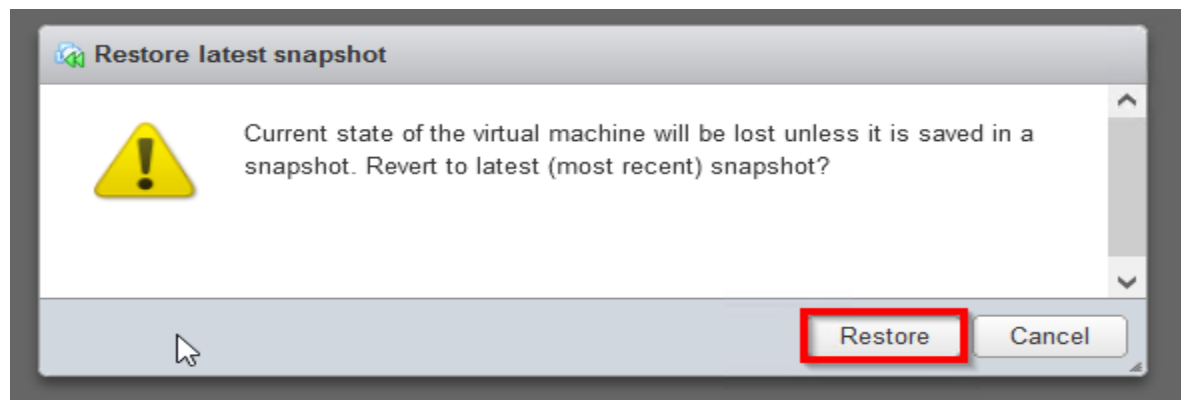

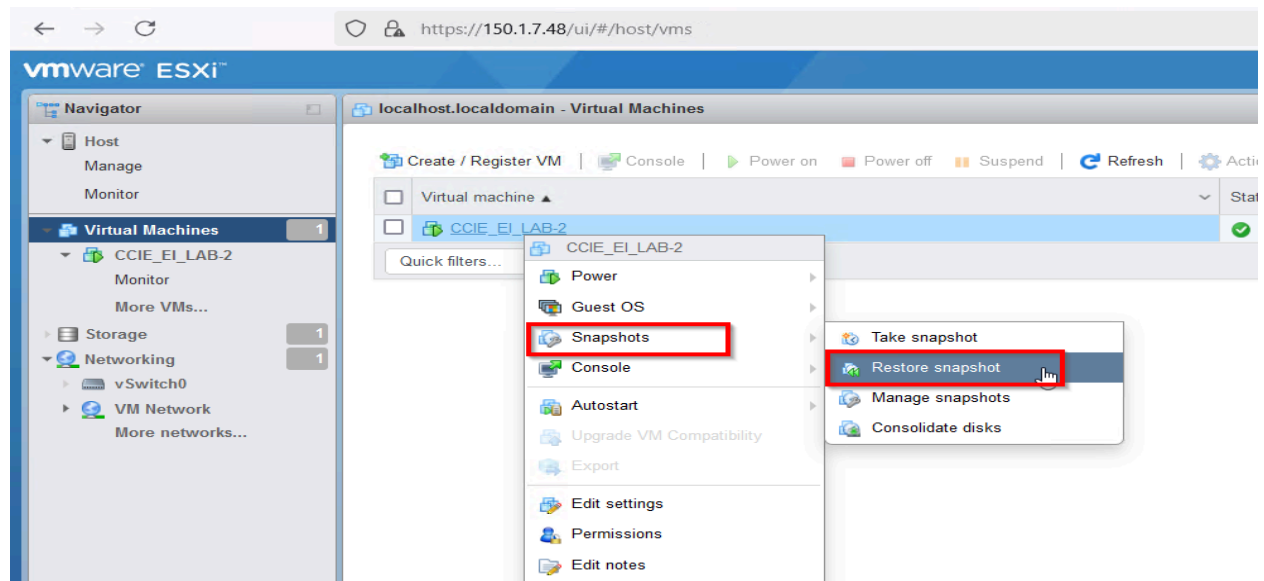

STEPS TO ACCESS:

1. Open Browser (Chrome or Firefox)
2. Access ESXI - as per the mentioned RACK SLOT IN YOUR SLOT PDF using the credentials mentioned above.
3. You will see certain Virtual Machines, for which you can revert the snapshots.

HOW TO REVERT A VM IS SHOWN BELOW

There are two virtual machines: select CCIE_EI_LAB-1-DOOV1 to practice the older version of DOO, or select CCIE_EI_LAB-2 DOOV2 to practice the latest version of DOO.

4. It will take 5-7 minutes for devices to get stable to use and configure.
Shutdown the virtual machine which will not be used.

Note: Do Not Start Both Virtual machines
